Sir:

**REMARKS**

This is in response to the Office Action mailed on September 1, 2004, in which claims 1-3, 7, 8, 11 and 14 were rejected under 35 U.S.C. § 102(b) as being anticipated by Shagott et al., U.S. Patent No. 5,593,470 (Shagott); claims 4 and 9 were rejected under 35 U.S.C. § 103(a) as being unpatentable over Shagott in view of Basch et al., U.S. Patent No. 5,717,157 (Basch); and claims 6 and 10 were rejected under 35 U.S.C. § 103(a) as being unpatentable over Shagott in view of Cooper, U.S. Patent No. 5,205,155 (Cooper).

**Claim Rejections - 35 U.S.C. § 102(b)**

Claims 1-3, 7, 8, 11 and 14 were rejected under 35 U.S.C. § 102(b) as being anticipated by Shagott. In order to constitute a § 102(b) reference, the reference must teach each and every limitation of the claims. The Examiner states that Shagott discloses the claimed invention (Office Action, p. 2). However, Shagott does not disclose or teach every limitation of the claimed invention.
